## Mobile View Alignment

- Check and fix the alignment issues in mobile view for the following pages:
  - Visa Pages: Business Visa, Student Visa, Spousal Visa, Work Visa, Visit Visa
  - Services: All service pages
- Make sure the font style is consistent across all pages.
- Check the font in the IELTS page section: "IELTS Band Score Guidance".
- Check and correct the heading font size in the CELPIP Preparation page.
- Check the font size of the content in the CRS Calculator page and ensure consistency with the rest of the website.

## CELPIP Page Changes

- Remove the "Start Practice" and "Download PDF" buttons from the banner section (same changes as discussed for the IELTS page).
- Create a separate section below for downloadable PDF resources.
- No need to divide it into multiple sections like IELTS.
- Create one section with an introductory text and downloadable PDF links for:
  - Reading
  - Speaking
  - Listening
  - Writing
- All four should be separate PDF documents.
- The content under "IELTS Band Score Guidance" is currently appearing on the CELPIP page as well.
- Please check and replace it with appropriate CELPIP-related content.

## Menu Issue

- When opening the menu from the IELTS and CELPIP pages, the menu options display differently compared to the rest of the website.
- Please check and make it consistent across all pages.
